of Complex System Dynamics**

**ASTRA
Center**

**PRIMUS
Center**

Research Institute (not-for-profit)

Integrated deep-focus, open-duration fundamental research investigation and study in the sciences, plus education initiatives.

www.tdyn.org

**Intelligence
Renaissance
Industries**

Corporation (for-profit)

Product development in areas of intelligent systems for communications, public health, medicine, security, environmental change and space exploration.

Source technologies: TETRAD Institute (primarily ANCES, Seldon, OASIS, ASTRIC research outcomes), and diversified STEM from partners, acquisitions, licenses and holdings.

Principal (majority of equity) ownership and management: TETRAD Institute.

www.intelrenaissance.com

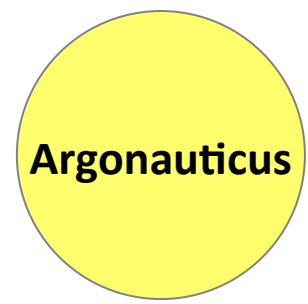

**Mirnova
Foundation**

Philanthropic program (not-for-profit)

Designed and managed by TETRAD Institute Offering STEAM scholarships and educational sponsorship to individuals or special merit.

www.mirnovafoundation.tdyn.org

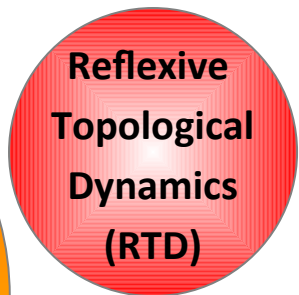

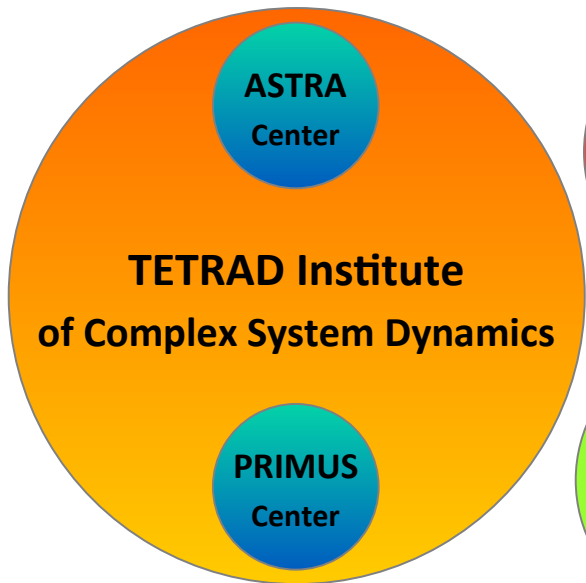

Argonauticus

Partnership Company (for-profit)

Consultancy and expert services with focus on specialized arts, antiquities, rare manuscripts, fashions, designs, and travels.

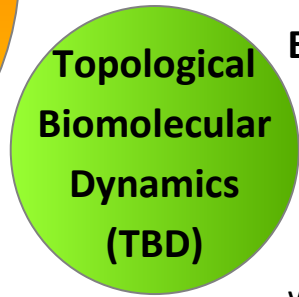

www.argonaut.tdyn.org

**Relationships between TETRAD Institute
and other organizations within the
TETRAD Family**

Fundamental Theory (RTD)
Spacetime, quantum
relativity/gravity and
particle/force evolution
extending to cosmology
www.rtd.tdyn.org

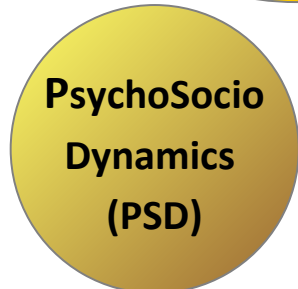

Tethys Project concentration:
EMME- Environmental
Monitoring of Species
Migration & Mutation to
Minimize Zoonotic Disease
Epidemics
www.emme.tdyn.org

BMCC Project concentration:
ANCES (neurobiology)
Neuroplex (neuro-cardio-
autoimmune diseases and
diagnostic/therapeutic medicine)
www.neuroplex-c.tdyn.org

ASTRIC Project concentration:
Cooperative, adaptive &
modular robotic networks
for space-mission tasks
www.astric.tdyn.org

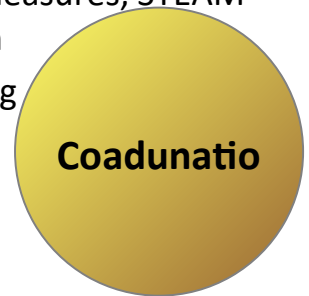

Seldon Project concentration:
ATS, EMME, Neuroplex knowledge
acquisition (PHIBER)

OASIS Project concentration:
Implementation of Terra-1 serving
ATS, EMME, Neuroplex knowledge
acquisition (PHIBER)
www.oasis.tdyn.org

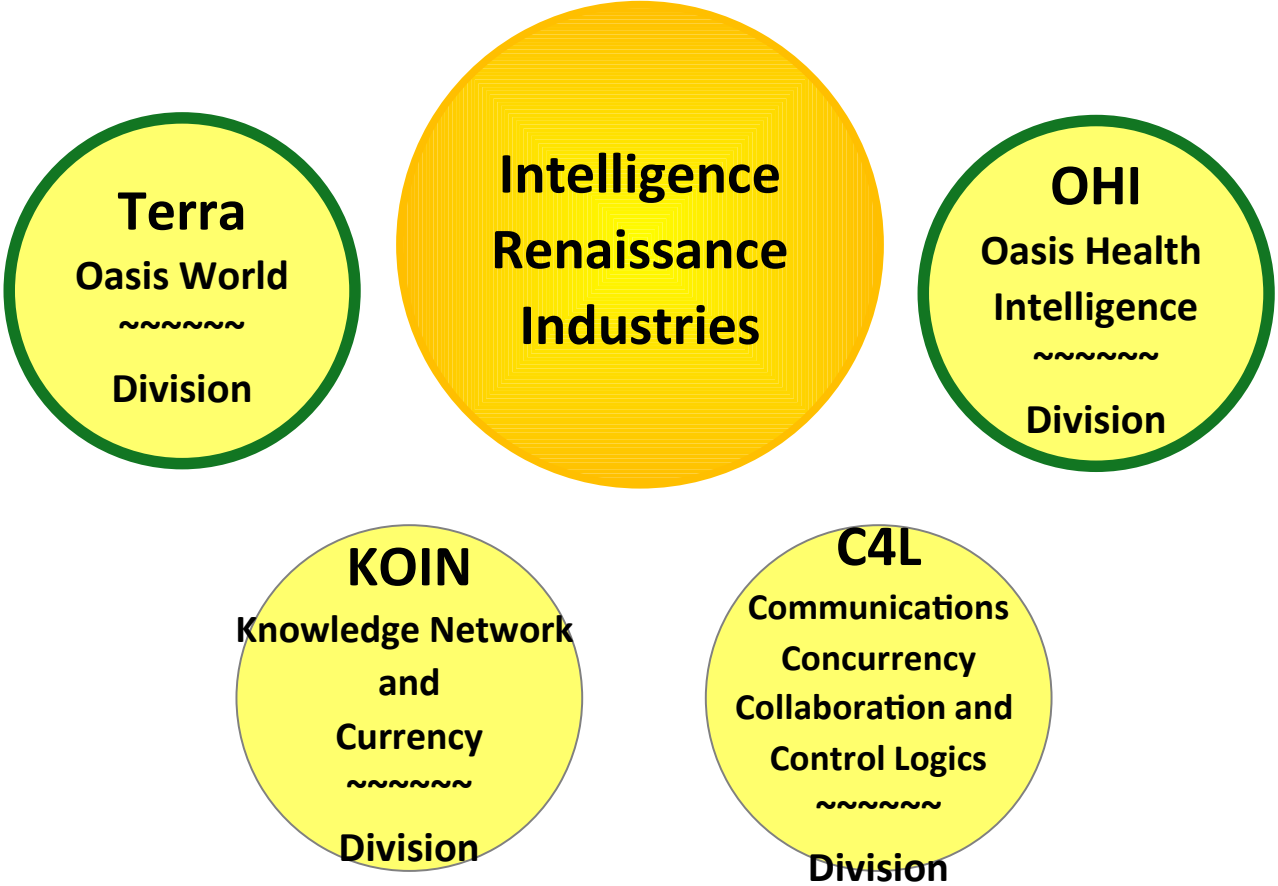

Librarium Project concentration: Library
and Gallery (physical and digital systems)

Mirnova Project concentration:
ATS - Abuse, Trafficking, Subjugation
intelligence, countermeasures, STEAM-
focus public education
www.coadunatio.tdyn.org

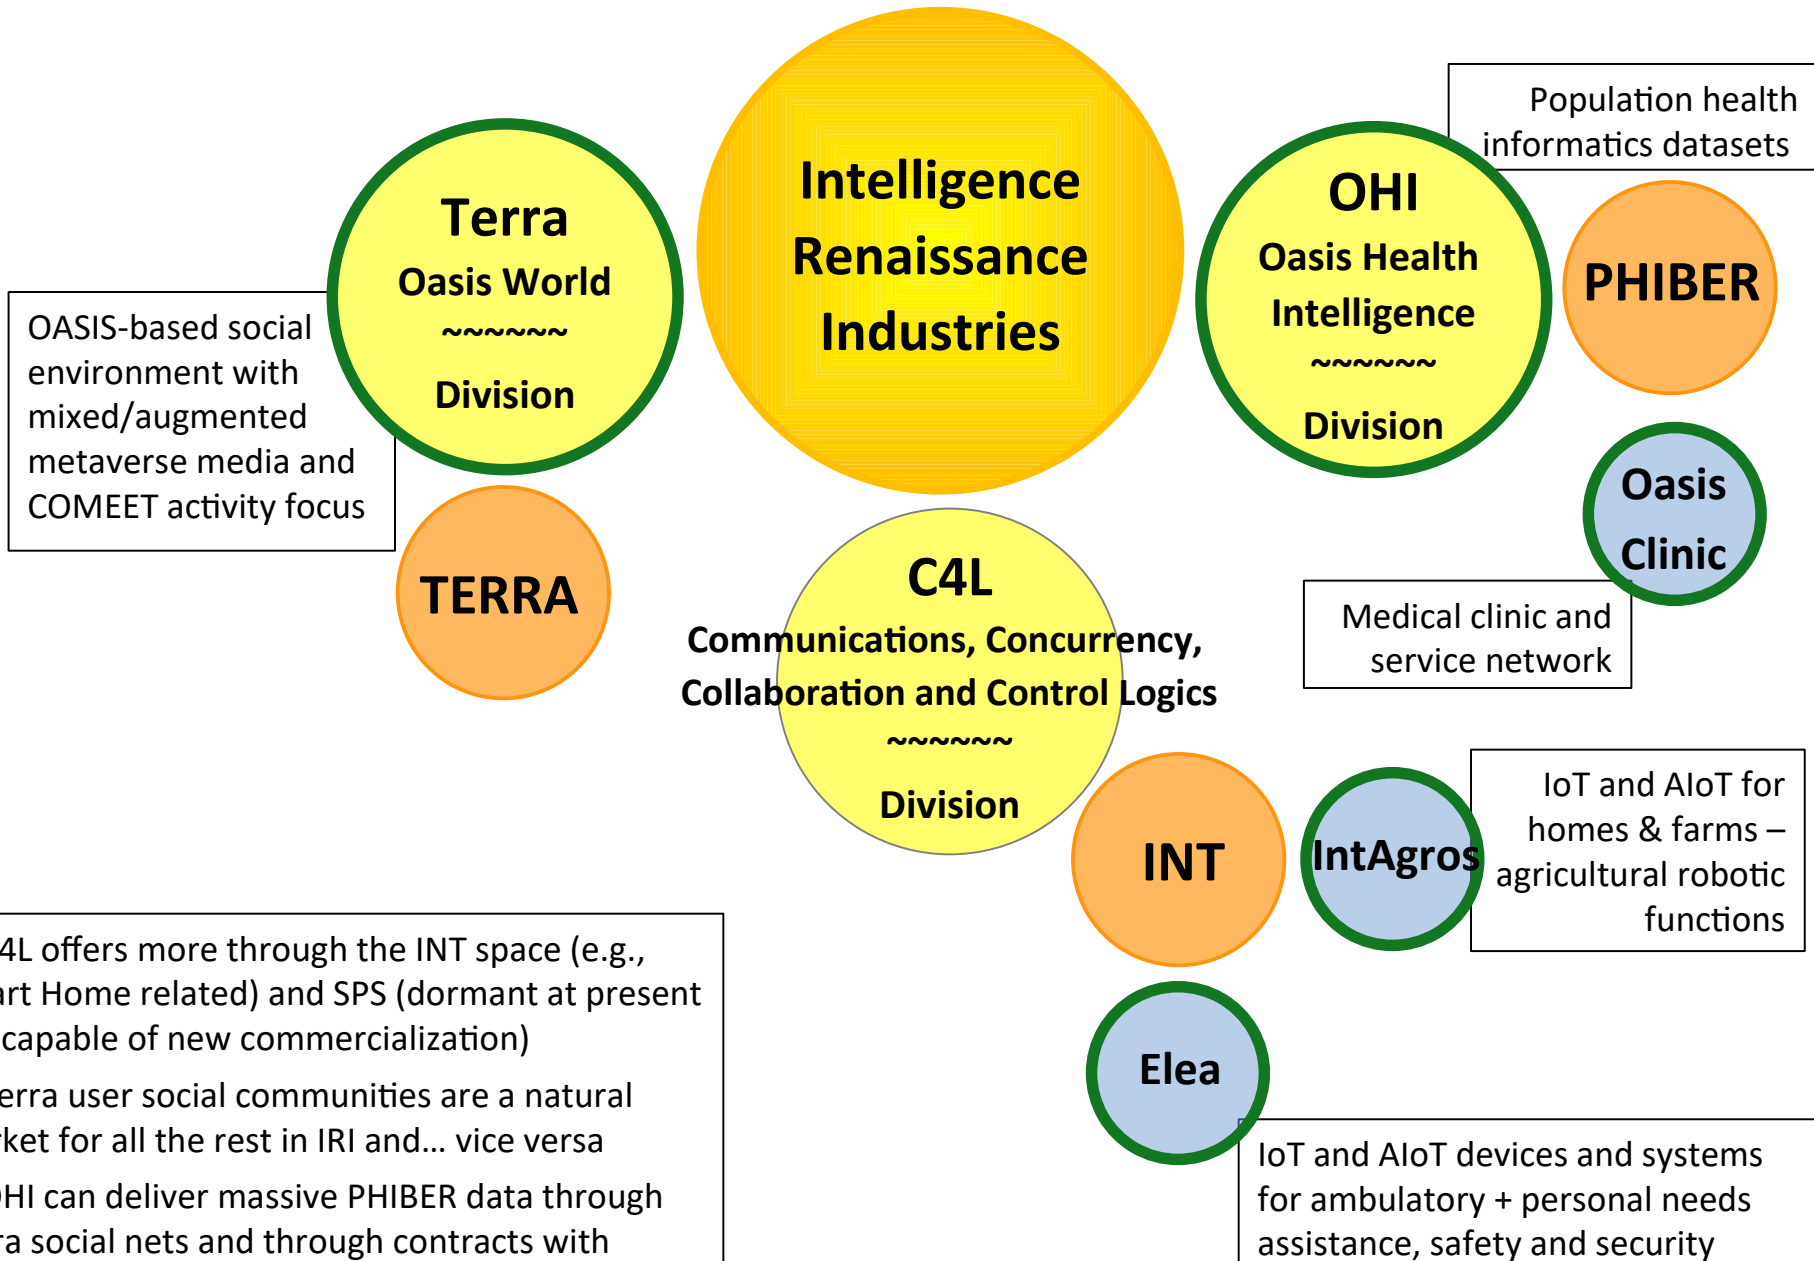

TETRAD Institute
Current (most-active) Focus
within the
Permanent Programs and Projects

Intelligence Renaissance Industries – 4 Divisions

Intelligence Renaissance Industries – current business focus

Global Industry developing more integrative, adaptive tech & products

INDUSTRY INNOVATION

GOAL

Diversified and unified industry for future human civilization in Earth and Space

RESULT OF THE GOAL

Human sustainability + growth in our Future World and Worlds

STRONGLY

INCREASED CHANGE OF A GOOD FUTURE

Improved Control of Critical Points and Turbulence in Complex Systems (Topological Information Models applied to multiple applications)

COMPANY INNOVATION

Cybernetic and Predictive Engines
Synthetic Intelligence
Cooperative Robots

MATCH THAT IGNITES AN INDUSTRY

TETRAD – IRI
Strategic Business Model
In Practice Today

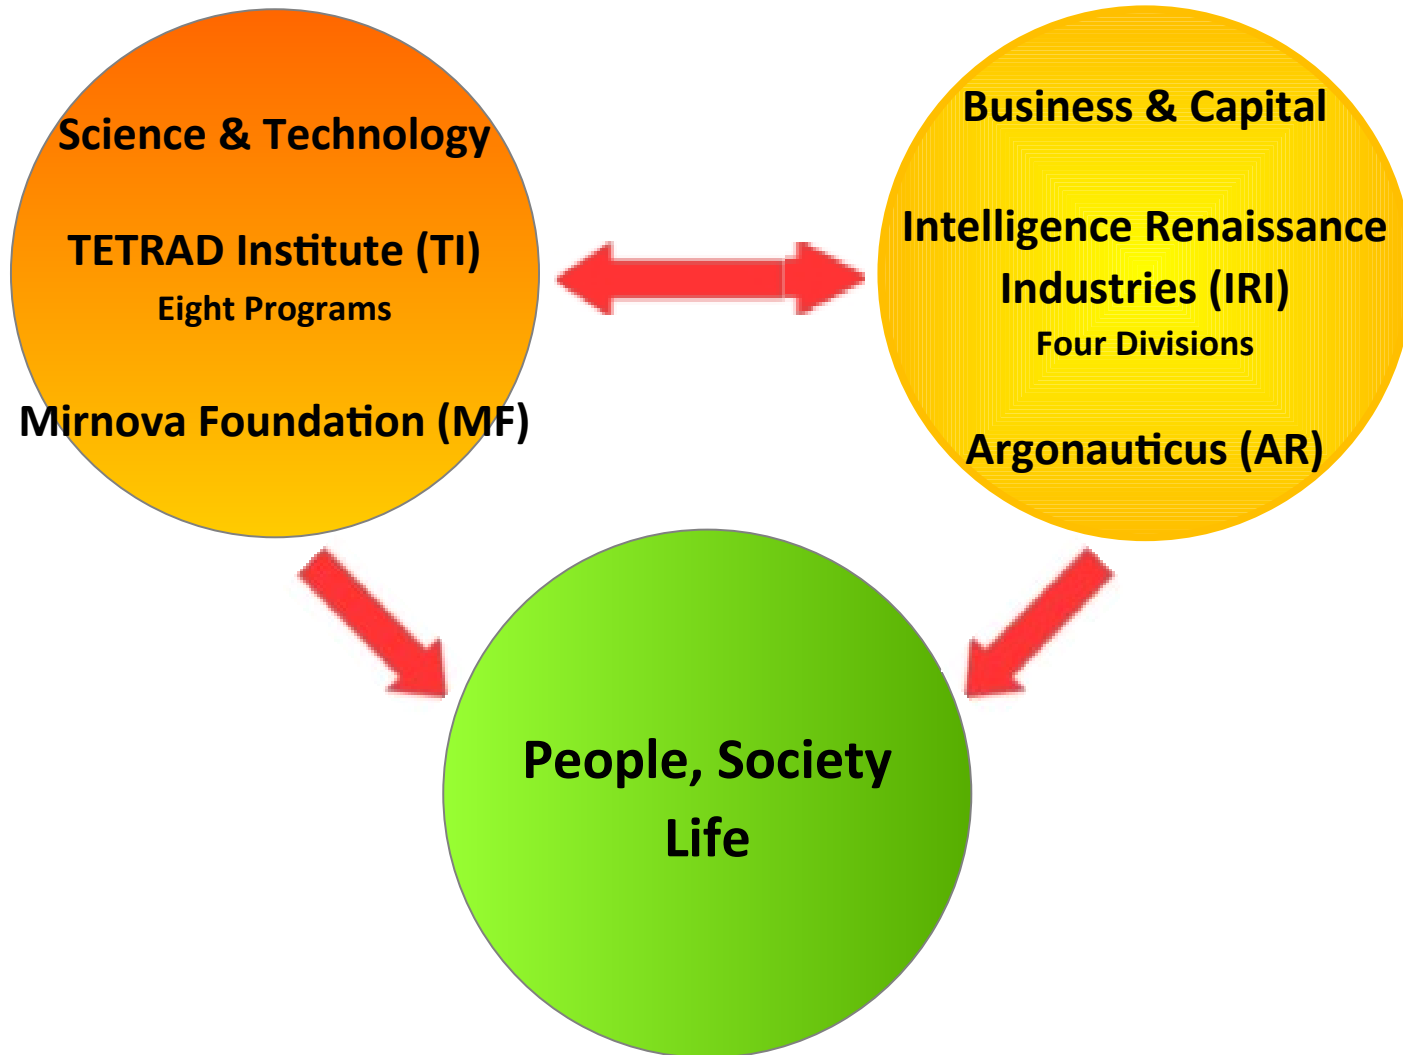

STARTING POINT

Social & Economic Instability from Limits &

FUNDS THIS

SUSTAINABLE BUSINESS MODEL

Integrated Products in mass markets of health, safety, convenience,

TETRAD Family, Mission, Purpose
